

# **THE SHYLOCK SHOW – TRIAL 4**

## **Inter-College Case Study Trials (UG & PG)**

Welcome to “The Shylock Show – Trial 4”! Serial Case Study Trials.

Theme of the Event: Case Studies to be solved through role plays in a Court Room Set-up.

Who can participate?

Participation is invited from two categories of students. They are:

- Undergraduate students
- Postgraduate students

Type of Participation: Teams of minimum 6 and maximum 10 students for each team.

### **Rules for the Event:**

1. Each team has to prepare a case study analysis with relevance to practical business problems. There will be two separate levels of competition; UG level and PG level.
2. The case can be from any area of management like Marketing Management, Human Resource Management, Financial Management, Production Management, Management of Resources, Information Management, Innovation Management, Research and Development Cases etc.
3. The case can be imaginary or real. If imaginary, it should have connection with real events and issues connected to business and/or any other management area.
4. The analysis as per the set rules will be adjudged on the basis of following criteria.
  - a. Comprehensiveness of the case
  - b. Depth of the case
  - c. Creative and innovative way of solving the case
  - d. Real life implications
  - e. Quality of Evidential support
  - f. Flow of arguments and supporting enactment.
  - g. Feasibility of alternative solutions
  - h. The quality of Final Verdict
  - i. Application of Theories
5. Each team has to bring the case with **two alternative solutions** to the case which will be presented in the court room trail. Both the solutions will be presented and argued for validating the feasibility of their own and argued against the alternative solution.
6. Participating team can use any one medium of communication only. It can be English or Hindi or Gujarati.

7. The final feasible solution will be provided by enacting a drama in a traditional courtroom setup (as depicted in William Shakespeare's famous drama 'The Merchant of Venice').
8. The characters to be played by students will be:
  - a. Antonio (a rich merchant by profession) – a character in Merchant of Venice will present the 'problem' of the case (Offended Party).
  - b. A Judge for hearing and announcing the final verdict after hearing the arguments in favour of, and against both the solutions presented in the trial court
  - c. Portia – The lawyer of offended party Antonio will give a solution to case with the help of witnesses and other evidences to validate her solution
  - d. Shylock (the Money Lender) is the defendant who will present another solution of his own and put forward arguments with the help of witnesses and other evidences to validate his solution.
  - e. Portia and Shylock will carry out argument and counter argument in order to validate and prove that their solutions are the best and ultimately the **judge from their team** will announce the most feasible solution. The presentation, analysis of the case, the arguments & counter arguments, supporting facts & figures, witness, the logical flow of the analysis and final selection of feasible solution will be judged by the external judges.
  - f. A court Clerk will be typing and passing on all the relevant documents to the Judge. Typewriter will be provided by Christ Institute of Management.
  - g. Minimum 1 and maximum 5 witnesses can be presented.
9. Use of audio, video or any other media and even any kind of props are allowed.
10. Costumes for Lawyers and Judge will be provided by the organizers.
11. The solution of the case has to be creative and complete.
12. There will be a panel of 2 judges, who will judge the teams on all counts.
13. Use of supporting facts and material to prove your point/logic is welcome and expected.
14. Time limit: maximum 15 mins.

### **Registration Details:**

1. Last date of registration: **1st February, 2020.**
2. Maximum 15 teams can participate, so participation will be purely on first come first register basis.
3. Registration Fees: Rs. **150** per participant.
